Experts Directory Application Form

CRVS Experts Directory

PART 1: GENERAL INFORMATION

Area of Specialization

Please choose one or more of the following areas which best describe(s) your technical expertise.

A1. Area of expertise

Please select a minimum of one area of technical expertise

- ☐ Civil registration and vital statistics
- ☐ Statistics
- ☐ Law
- ☐ Management of large operations
- ☐ Digitization
- ☐ Communication, social mobilization, and behaviour change
- ☐ Public health

T1. Technical expertise in civil registration and vital statistics

Eligible candidates will be those with experience in policy level or in operation and management of civil registration systems. Additionally, experience in public administration reform, especially regarding decentralization processes, service delivery, and organizational modernization is highly desirable.

- ☐ Management and operations
- ☐ Policy
- ☐ Training and capacity building
- ☐ Vital event registration
- ☐ Archiving of civil registration documents

T1.1 Level of expertise

Please choose the appropriate level of expertise for the above field

- ○ Mid-level professional (at least 3 - 5 years of professional experience)
- ○ Senior level professional (at least 7- 10 years of professional experience)

T2. Technical expertise in statistics

Eligible statisticians will be those with experience in conducting assessment, planning, monitoring and strengthening coordination within CRVS and/or other data systems. In addition, experience in developing/using tools for data gathering and analysis for use in vital statistics reporting, administrative statistics, household surveys, and the demographic analysis of mortality and fertility data is desirable.

- ☐ CRVS international standards, forms and procedures
- ☐ Vital statistics data analysis
- ☐ Demography
- ☐ Social statistics
- ☐ Administrative statistics

T2.1 Level of expertise

Please choose the appropriate level of expertise for the above field

- ○ Mid-level professional (at least 3-5 years of professional experience)
- ○ Senior level professional (at least 7-10 years of professional experience)

T3. Technical expertise in law, in particular analysis and drafting of legislation

Eligible legal experts should have the capacity to support a changing process of updating CRVS legal frameworks at the country level. They should have experience in reviewing, analysing and drafting legislative corpus such as laws, acts, regulations and directives associated to CRVS. Strong knowledge of international human rights, privacy and personal data protection, refugees, migrants and/or internally displaced populations is desirable.

- ☐ Reviewing, analyzing and drafting legal corpus
- ☐ International human rights
- ☐ Privacy and personal data protection
- ☐ Refugees, migrants and internally displaced populations

T3.1 Level of expertise

Please choose the appropriate level of expertise for the above field

- ○ Mid-level professional (at least 3-5 years of professional experience)
- ○ Senior level professional (at least 7-10 years of professional experience)

T4. Technical expertise in the management of large operations (including but not limited to mass mobile civil registration, electoral processes, census, national surveys, identification)

- ☐ Strategic and operational planning
- ☐ Organizational development
- ☐ Project management
- ☐ Service delivery
- ☐ Public administration

T4.1 Level of expertise

Please choose the appropriate level of expertise for the above field

- ○ Mid-level professional (at least 3-5 years of professional experience)
- ○ Senior level professional (at least 7-10 years of professional experience)

T5. Technical expertise in digitization

Eligible digitization experts should have the capacity to design IT systems and innovative solutions aligned with CRVS systems operational requirements. In addition, technical knowledge in one or more of the following areas is desirable: business process mapping and analysis, software and database development, design and management, IT Infrastructure design and management, system integration and interoperability, and mobile technology.

- ☐ Design of IT systems
- ☐ Business process modelling notation and automation tools
- ☐ Software and database development
- ☐ IT infrastructure management
- ☐ System integration and interoperability
- ☐ Mobile technology
- ☐ System security

T5.1 Level of expertise

Please choose the appropriate level of expertise for the above field

- ○ Mid-level professional (at least 3-5 years of professional experience)
- ○ Senior level professional (at least 7-10 years of professional experience)

T6. Technical expertise in communication, social mobilization and behaviour change

Eligible candidates will be those with experience in social sciences, cultural anthropology, and/or communication for development. This includes socio-cultural research, development of evidence based measurable communication for development strategies to support change at individual and community levels, development of communication tools, and/or program management.

- ☐ Formative study (evidence based measurable communication)
- ☐ Development of behaviour change strategies at individual and community level
- ☐ Development of communication tools
- ☐ Socio-cultural research (social sciences, anthropology)
- ☐ Program management

T6.1 Level of expertise

Please choose the appropriate level of expertise for the above field

- ○ Mid-level professional (at least 3-5 years of professional experience)
- ○ Senior level professional (at least 7-10 years of professional experience)

T7. Technical expertise in public health

Eligible experts from the public health sector should have an extensive, in-depth knowledge and experience in maternal and child health, monitoring and evaluation, birth and death notification processes, verbal autopsy, and medical certification of causes of death.

- ☐ Epidemiology
- ☐ Monitoring and evaluation
- ☐ Reproductive, maternal, newborn, child and adolescent health
- ☐ Medical certification of cause of death and ICD 10 coding
- ☐ Verbal autopsy
- ☐ Health information systems

T7.1 Level of expertise

Please choose the appropriate level of expertise for the above field

- ○ Mid-level professional (at least 3-5 years of professional experience)
- ○ Senior level professional (at least 7-10 years of professional experience)

PART 2: CANDIDATE INFORMATION

Personal Information

Title
- ○ Mr.
- ○ Mrs.
- ○ Ms.

First Name [ ]

Last Name [ ]

Gender
- ○ Male
- ○ Female

Degree
- ○ BSc
- ○ MSc
- ○ PhD

Language

Please indicate your level of professional proficiency in either English and/or French:

Biography

Please provide a brief biography that highlights your professional accomplishments, knowledge and expertise in the field(s) you have indicated in this applicationLIMIT 250 WORDS

Interest and availability for travel and/or projects:

Please indicate below the opportunities you would be interested in, as well as your availability and/or preferences for travel::

Opportunities of interest

- ☐ Research
- ☐ Country-level technical assistance
- ☐ Training and capacity building
- ☐ Consultancy

Location

- ☐ Any country

- ☐ Africa
- ☐ Asia
- ☐ Latin America and the Caribbean
- ☐ Fragile settings

Duration:

- ☐ Any duration or flexible
- ☐ Less than 6 months
- ☐ Less than 2 months
- ☐ Less than 2 weeks

Do you have any medical condition that may make it difficult for you to travel?

- ○ Yes
- ○ No

If yes, please specify

Please provide the names of three (3) references familiar with your work, expertise and experience

	Name	Email address	Telephone	Organization
Reference 1				
Reference 2				
Reference 3				

The information supplied in the application accurately reflects my current status, and abilities.

- ☐ Move to next stage in the directory.
